

For our Honored Veterans

Therapeutic Music for Veterans and their Families

The ultra-slow Liquid Mind® series of 15 soothing, calming albums was designed by composer Chuck Wild, a Vietnam veteran and former U. S. Naval officer, specifically to heal anxiety and induce a deep state of relaxation.

Liquid Mind® is used in hundreds of healthcare settings all over the world, including veterans' PTSD recovery and family groups, hospitals, chemotherapy centers, yoga and massage studios, animal hospitals, and the Mayo Clinic (in combination with beautiful videos from NatureRelaxation.com).

Liquid Mind Composer Chuck Wild

“I’m deeply grateful for the sacrifices active duty military and veterans and their families make to preserve the freedoms we cherish.”

~ *Chuck Wild*
